GARY THOMAS ROWE, JR.
FORMER KLAN INFORMANT
ADMINISTRATIVE INQUIRY

Reference is made to your letter of August 23, 1978, in which you requested record checks of [redacted] intelligence agency and Marine Corps experience be conducted.

b6
b7C

As you were previously advised, [redacted] had been identified by an individual who had requested confidentiality as being identical to Gary Thomas Rowe, Jr. The individual further advised that [redacted] made admissions to crimes allegedly committed while employed by the CIA.

A search was conducted of the Birmingham Division informant file pertaining to Rowe and it was found that Rowe's military record had been reviewed August 5, 1960. The review indicated Rowe's military history is inconsistent with the information attributed to [redacted]. In addition, the CIA has advised by letter dated August 30, 1978, that they are unable to substantiate the allegations that Rowe was previously employed in any capacity by that agency.

NOTE:

A [redacted] source advised a man she believes identical to Rowe talked about [redacted]. He indicated [redacted] occurred while he worked for the CIA in "contract activity." Employment records for the man, who source identified as Rowe, included a resume indicating prior employment by the CIA, as well as liaison between the U. S. Marine Corps and the CIA. OPR, DOJ, was advised of the above and requested record checks be conducted at CIA and the U. S. Marine Corps.

Gary Thomas Rowe, Jr., a self-admitted former FBI Ku Klux Klan informant, is currently the subject of an internal inquiry being conducted by the Offices of Professional Responsibility, FBI and U. S. Department of Justice. The inquiry into his activities while an informant for the FBI and the FBI's handling of him was instituted at the request of U. S. Senators James Abourezk and Edward M. Kennedy following the appearance of news accounts that alleged illegal acts were committed by Rowe while he was an FBI informant.

REC-123 1-1A DE-40 62-118023-171

During the course of the inquiry, a source, who requested confidentiality, advised Rowe has indicated to the source he participated in criminal acts not previously publicized while employed by the CIA. Rowe indicated to the source he worked for the CIA in "contract activity" from 1961 to 1963. Rowe has indicated to a second source that he was employed by a U. S. intelligence agency from January, 1959, to January, 1967; and, further, that he acted as Marine Corps liaison with the CIA from 1957 to 1960.

The Hon. Griffin Bell, Attorney General
Department of Justice
Washington, D. C.

Dear Mr. Bell,

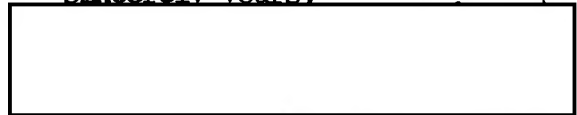

GARY THOMAS ROWE

It was reported in the newspapers in July that former F.B.I. informant Gary Rowe admitted having killed a black man and that he had notified the F.B.I. of the incident. Since then I have not seen anything further concerning this matter.

Does your office intend to pursue this matter any further? I am interested in knowing the time and place of the alleged incident that Mr. Rowe has admitted as taking place.

I am interested as a citizen and as a former member of the Alabama Commission on Human Rights. I would appreciate any assistance which your office may be able to give. Thank you for considering this letter.

Sincerely yours,

SOURCE: Order 467-71, 36 FR 18186, Sept. 10, 1971, unless otherwise noted.

Subpart A—General Provisions

§ 51.1 Purpose.

Section 5 of the Voting Rights Act of 1965, 42 U.S.C. 1973c, prohibits the enforcement in any jurisdiction covered by section 4(a) of the Act, 42 U.S.C. 1973b, of any voting qualification or prerequisite to voting, or standard, practice, or procedure with respect to voting different from that in force or effect on the date used to determine coverage, until the authority proposing enforcement either (a) obtains from the U.S. District Court for the District of Columbia a declaratory judgment that the plan does not have

the purpose and will not have the effect of denying or abridging the right to vote on account of race or color, or (b) the plan has been submitted to the Attorney General and he has interposed no objection within a 60-day period following submission. In order to carry out his responsibilities under this section of the Voting Rights Act and to make clear his interpretation of the responsibilities imposed on other individuals and entities thereunder, the procedures in this part shall govern the administration of section 5.

§ 51.2 Definitions.

(a) The terms "vote" and "voting" are used herein as defined in the Voting Rights Act of 1965, to include all action necessary to make a vote effective in any primary, special, or general election, including but not limited to, registration, listing pursuant to the Voting Rights Act of 1965, or other action required by law prerequisite to voting, casting a ballot, and having such ballot counted properly and included in the appropriate totals of votes cast with respect to candidates for public or party office and propositions for which votes are received in an election.

(b) The term "change affecting voting," as used herein, shall mean any voting qualification, prerequisite to voting, standard, practice, or procedure different from that in force or effect on the date used to determine coverage by section 4(a) (November 1, 1964 or November 1, 1968, as the case may be) and shall include, but not be limited to, the examples given in § 51.4(c).

(c) The term "submission" as used herein shall mean presentation to the Attorney General by an appropriate official of any change affecting voting and an explanation of the difference between the change and the existing law or practice and such appropriate supporting materials as are included to demonstrate that the voting qualification, prerequisite to voting, standard, practice, or procedure does not have the purpose and will not have the effect of denying or abridging the right to vote on account of race or color.

(d) "Attorney General" shall mean the Attorney General of the United States or his delegate.

(e) The term "submitting authority" shall mean the party responsible for submitting a voting change on behalf of a State or political subdivision under § 51.8 or any other person or persons empowered to represent or act on behalf of a State or political subdivision with respect to a submission under section 5.

§ 51.3 Computation of time.

(a) The Attorney General shall have 60 days in which to interpose an objection to a submitted change affecting voting.

(b) The 60-day period shall commence upon receipt by the Department of Justice of a submission from an appropriate official, which submission satisfies the requirements of § 51.10(a). Procedures for requesting additional material and for determining the commencement of the 60-day period when a submission is inadequate are described in § 51.18.

(c) The 60-day period shall mean 60 calendar days, provided that if the final day of the period should fall on a Saturday, Sunday, or national holiday the Attorney General shall have until the close of the next full business day in which to interpose an objection. The date of the Attorney General's response shall be the date on which it is mailed to the submitting authority.

(d) When the Attorney General objects to a submitted change affecting voting, and the submitting authority seeking reconsideration of the objection brings additional information to the attention of the Attorney General, the Attorney General shall decide within 60 days of receipt of a request for reconsideration (provided that he shall have at least 15 days following a conference held at the submitting authority's request) whether to withdraw or to continue his objection.

§ 51.4 Requirement of action for declaratory judgment or submission to Attorney General.

Section 5 requires that, prior to enforcement of any change affecting voting, the State or political subdivision which has enacted or seeks to ad-

Investigation of unfairness, the same considerations are applicable to each group for which the study is made. See § 12b(7).

(l) Unfairness of selection procedure (differential prediction): A condition in which members of one racial, ethnic, or sex group characteristically obtain lower scores on a selection procedure than members of another group, and the differences are not reflected in differences in measures of job performance. See § 12b(7).

(m) User: Any employer, labor organization, employment agency, or licensing or certification board, to the extent it may be covered by Federal equal employment opportunity law which uses a selection procedure as a basis for any employment decision. Whenever an employer, labor organization, or employment agency is required by law to restrict recruitment for any occupation to those applicants who have met licensing or certification requirements, the licensing or certifying authority to the extent it may be covered by Federal equal employment opportunity law will be considered the user with respect to those licensing or certification requirements. Whenever a state employment agency or service does no more than administer or monitor a procedure as permitted by Department of Labor regulations, and does so without making referrals or taking any other action on the basis of the results, the state employment agency will not be deemed to be a user.

[Order No. 668-76, 41 FR 51735, Nov. 23, 1976]

§ 50.15 Representation of Federal employees by Department of Justice Attorneys or by private counsel furnished by the Department in state criminal proceedings and in civil proceedings and Congressional proceedings in which Federal employees are sued or subpoenaed in their individual capacities.

(a) Under the procedures set forth below, a federal employee (herein defined to include former employees) may be represented by Justice Department attorneys in state criminal proceedings and in civil and Congressional proceedings in which he is sued or subpoenaed in his individual capacities, not covered by § 15.1 of this chapter.

(1) When an employee believes he is entitled to representation by the Department of Justice in a proceeding, he must submit a request for that representation, together with all process and pleadings served upon him, to his immediate supervisor or whomever is designated by the head of his department or agency, forthwith. The employee's employing federal agency shall submit to the Civil Division in a timely manner a statement, with all supporting data, as to whether the employee was acting within the scope of his employment, together with its recommendation as to whether representation should be provided. The communication between the employee and any individual acting as an attorney at his employing agency, with regard to the request for representation, shall be treated as subject to the attorney-client privilege. In emergency situations the Civil Division may initiate conditional representation after communication by telephone with the employing agency. In such cases, appropriate written data must be subsequently provided.

(2) Upon receipt of the agency's notification of request for counsel, the Civil Division will determine whether the employee's actions reasonably appear to have been performed within the scope of his employment, and whether providing representation is in the interest of the United States. If a negative determination is made, Civil Division will inform the agency and/or the employee that no representation will be provided.

(3) Where there appears to exist the possibility of a federal criminal investigation or indictment relating to the same subject matter for which representation is sought, the Civil Division will contact a designated official in the Criminal Division for a determination whether the employee is either a target of a federal criminal investigation or a defendant in a federal criminal case. An employee is the target of an investigation if, in addition to being circumstantially implicated by having the appropriate responsibilities at the appropriate time, there is some evidence of his specific participation in a crime. In appropriate instances, Civil Rights and Tax Divisions and any

other prosecutive authority within the Department should be contacted for a similar determination.

(4) If the Criminal, Civil Rights or Tax Division or other prosecutive authority within the Department (hereinafter "prosecuting division") indicates that the employee is not the target of a criminal investigation concerning the act or acts for which he seeks representation, then representation may be provided. Similarly, if the prosecuting division indicates that there is an ongoing investigation, but into a matter other than that for which representation has been requested, then representation may be provided.

(5) If the prosecuting division indicates that the employee is the target of a criminal investigation concerning the act or acts for which he seeks representation, Civil Division will inform the employee that no representation by Justice Department attorneys will be provided. If the prosecuting division indicates that the employee is a target of an investigation concerning the act or acts for which he seeks representation, but no decision to seek an indictment or issue an information has been made, a private attorney may be provided to the employee at federal expense under the procedures of § 50.16.

(6) If conflicts exist between the legal or factual positions of various employees in the same case which make it inappropriate for a single attorney to represent them all, the employees may be separated into as many groups as is necessary to resolve the conflict problem and each group may be provided with separate representation. Some situations may make it advisable that private representation be provided to all conflicting groups and that Justice Department attorneys be withheld so as not to prejudice particular defendants. In such situations, the procedures of § 50.16 will apply.

(7) Once undertaken, representation under this subsection will continue until either all appropriate proceedings, including applicable appellate procedures, have ended, or until any of the foregoing bases for declining or withdrawing from representation is found to exist, including without limi-

tation the basis that representation is not in the interest of the United States. In any of the latter events, the representing Department attorney on the case will seek to withdraw but will ensure to the maximum extent possible that the employee is not prejudiced thereby.

(8) Justice Department attorneys who represent employees under this section undertake a full and traditional attorney-client relationship with the employees with respect to the attorney-client privilege. If representation is discontinued for any reason, any incriminating information gained by the attorney in the course of representing the employee continues to be subject to the attorney-client privilege. All legal arguments appropriate to the employees's case will be made unless they conflict with governmental positions. Where adequate representation requires the making of a legal argument which conflicts with a governmental position, the Department attorney shall so advise the employee.

(b) Representation by Department of Justice attorneys is not available to a federal employee whenever:

(1) The representation requested is in connection with a federal criminal proceeding in which the employee is a defendant;

(2) The employee is a target of a federal criminal investigation on the same subject matter;

(3) The act or acts with regard to which the employee desires representation do not reasonably appear to have been performed within the scope of his employment with the federal government; or

(4) It is otherwise determined by the Department that it is not in the interest of the United States to represent the employee.

[Order No. 683-77, 42 FR 5695, Jan. 31, 1977]

§ 50.16 Representation of Federal employees by private counsel at Federal expense.

(a) Representation by private counsel at federal expense may be provided to a federal employee only in the instances described in § 50.15 (a)(5) and (a)(6).

PURPOSE:

To report the results of a meeting held in my office on 11/6/78 regarding captioned matter and a subsequent meeting held in the Director's Office on the same date with the Task Force concerning captioned matter. *[Signature]*

DETAILS:

On 11/6/78, a conference was held in my office concerning the above-captioned matter. Present during the meeting were Deputy Associate Director John J. McDermott, Assistant Directors Lee Colwell and Harold N. Bassett, Inspector-Deputy Assistant Director James O. Ingram and representatives from those respective Divisions.

It was pointed out that the Office of the Attorney General had created a task force concerning this matter, inasmuch as the recent administrative inquiry conducted by the FBI was sufficiently broad in scope to require the formation of a special task force to work full time on these matters.

During the course of this conference, discussion was generated concerning ground rules needed to be worked out regarding the review of informant files and review of Bureau files in general. In addition, it was agreed that the Records Management Division would make available space for the Task Force to review any such files at the JEH building.

Re: TASK FORCE REVIEWING FBI'S HANDLING
OF GARY THOMAS ROWE, JR., AND CIVIL
RIGHTS DIVISION'S PROSECUTION OF U.S.
vs. EATON, ET AL.

It was also agreed that Supervisor [] who is currently assigned to the Records Management Division, Document Classification and Review Section, would act as liaison to the task force, noting that Supervisor [] handled the Martin Luther King, Jr., inquiry; and because of his expertise, it was agreed that he would be most qualified for this assignment.

b6
b7C

It was also pointed out that inasmuch as the task force would, in all probability, be interviewing present and past Bureau employees, there should be a clear understanding with the task force concerning problems that may arise regarding granting current Bureau employees administrative immunity during these interviews and/or advising them of their rights if their Fifth Amendment privileges are involved.

At 3:30 p.m. on 11/6/78, a meeting was held in the Director's Office which was attended by members of the Task Force, including Michael E. Shaheen, Jr., Counsel, Office of Professional Responsibility (OPR), Department of Justice. Also present was Assistant Director Colwell.

The Director agreed that Supervisor [] would act as the Bureau liaison for the Task Force and any file reviews would be conducted in the Records Management Division space in the JEH building. Mr. Shaheen advised that Ray Hornblower would be in charge of the Task Force and he could be contacted through telephone [] and/or through Mr. Shaheen's telephone []. Mr. Shaheen pointed out that his office would oversee and monitor the over-all efforts of the Task Force and the Director indicated that OPR, FBI, would do likewise in keeping with their monitoring responsibilities.

MEMORANDUM TO: William H. Webster
Director, FBI

SUBJECT: Task Force Reviewing FBI's Handling of
Gary Thomas Rowe, Jr., and Civil Rights
Division's Prosecution of U.S. v. Eaton,
et al.

As you are aware, the Deputy Attorney General, in my absence, directed the Office of Professional Responsibility to oversee appropriate inquiries into the Bureau's handling of Mr. Rowe and into whether Civil Rights Division Attorneys who participated in the prosecution of U.S. v. Eaton, et al., possessed any knowledge of Mr. Rowe's alleged "unreliability" and/or of criminal acts on his part. After a thorough review of the 510 page report labelled "Gary Thomas Rowe, Jr., Former Klan Informant, Administrative Inquiry," it was decided that the inquiries are sufficiently broad in scope to require the formation of a Special Task Force to work full time on these matters. The Task Force members have now been chosen and their appointment will be publicly announced this week. They are:

1. Ralph Hornblower, III, Task Force Leader.

2. William Malcolm Logan, attorney, detailed to the Task Force from the Criminal Section, Tax Division.

3. John R. Fleder, attorney, detailed to the Task Force from the Consumer Affairs Section, Antitrust Division.

NOV 21 1978

— — —

51

61 DEC 20 1978

4. Donald R. Burkhalter, attorney, detailed from the Executive Office for United States Attorneys.

The clerical and support personnel who will assist the Task Force members have not yet been decided upon. The Task Force will take several months to complete its assigned missions and will report to the Office of Professional Responsibility.

The charter of the Task Force (attached) is a broad one and it is fully expected that the members will be working closely with personnel from the Bureau's Office of Professional Responsibility (the appointment of someone to serve as a liaison to the Task Force would be helpful). The Task Force will need to review FBI files located at Headquarters and various Field Offices and to interview many individuals, including present and former Special Agents.

Please take whatever steps you think are appropriate to insure that the highest priority is attached to the completion of these inquiries and impress upon your agents and support staff the need to render all possible assistance to the Task Force members.

If you have any questions about this matter, either now or at some later time, Michael E. Shaheen, Jr., or I should be contacted.

SUBJECT: TASK FORCE REVIEWING FBI'S HANDLING
OF GARY THOMAS ROWE, JR., AND CIVIL
RIGHTS DIVISION'S PROSECUTION OF
U. S. vs. EATON, ET AL.

PURPOSE: To obtain adequate telephone service for captioned
task force, which has been afforded space in
Room 8798, contiguous to area utilized by Congressional
Inquiry Unit.

DETAILS: Captioned task force was implemented by Attorney
General's memorandum, 11/2/78. J. B. Adams to
Mr. Bassett memorandum, 11/7/78, set forth arrangements made
as a result of the meeting of Bureau officials concerning the
implementation of FBI cooperation with this task force. The
Document Classification and Review Section (DCRS) was desig-
nated as the liaison point for this task force and appropriate
space has been delineated on the eighth floor in Room 8798, con-
tiguous to the area currently being utilized by investigators
in the King/Kennedy assassinations inquiries. In addition,
this space is contiguous to an area utilized by a subelement
of the Executive Branch Agencies Unit (EBAU) of the DCRS
wherein two GS-11 analysts and two support persons are
stationed.

Telephone equipment already in place in this area
shows the extension numbers _____ are
"ganged" together, with the EBAU people utilizing extensions

_____ The equipment for extensions _____ to
be utilized by task force personnel while reviewing FBI files
in FBI space, was already in place. However, extension _____
does not have an outside dialing capacity, while _____ does.
The head of the task force has requested that _____ also be
afforded outside dialing capability as well as FTS capability,
should it be feasible. It would be preferred to have one or
two additional extensions for the use of this task force,
which currently has five persons with three or four more to
be added as the review proceeds.

The task force head, namely Mr. Ralph Hornblower, recognizes budgetary constraints and intends to utilize any toll charges, whether local or FTS, on an extremely limited basis.

RECOMMENDATION: That the Telecommunications Section make a survey to determine whether additional extensions can be implemented in this area of Room 8798, particularly expanding extension [] to outside and FTS dialing capacity. The instruments involved are numbered Sta 244-E and 244-F.

TO : Mr. Bassett *WJB/OTF*

DATE: December 13, 1978

FROM : J. W. Awe *JA*

SUBJECT: DEPARTMENT REQUEST FOR
 INFORMATION: GARY THOMAS
CROWE TASK FORCE

PURPOSE: To provide results of Elsur index search to
 Departmental Task Force.

DETAILS: By memorandum Ray Hornblower, Director, Rowe
 Task Force to [redacted] dated December 1, 1978, the
 Task Force advised of need to examine FBI field and
 Headquarters files containing information obtained from
 any "wiretaps", "electronic devices", "surreptitious
 entries", or "mail intercepts" that the Bureau [redacted]
 [redacted] may have installed or undertaken [redacted]

[redacted] from 1955 to the date at which
 intelligence gathering of this type terminated.

As a result of this request, a meeting was held
 December 4, 1978 with Hornblower, attended by [redacted]
 [redacted] Document Classification and Review Section (DCRS)
 and [redacted] Records System Section, Elsur index.

The request regarding Elsur information was
 discussed and the basics of the Elsur index system were
 explained to Mr. Hornblower.

REC-115

62-118023-191

As a result of this discussion, it was agreed
 that the Elsur index would be searched for references to the
 two Klaverns, the United Klans of America, Knights of the
 Ku Klux Klan, the members of those two Klaverns as provided
 by the Birmingham Office as well as a list of persons
 selected by the Task Force.

Memo Awe to Bassett
Re: Departmental Request for Information:
Gary Thomas Rowe Task Force

This search was conducted as follows:

1. Seven teletypes were forwarded to FBIHQ listing the "reported" members of the two Klaverns.
2. A special list was provided by the task force.
3. Each name to be searched was placed on a search slip.
4. All of the names were searched and where thoses names or similar names were located, the index cards pulled and three xerox copies made.
5. Two xerox copies of the search slip were made.
6. Three complete sets of search slips with xerox copies of the resulting index cards were assembled, in alphabetical order.
7. The lists of persons for each Klavern as well as the Task Force list were kept separate.

ELSUR

As a result, 689 names were searched and 2,636 index cards xeroxed. It is noted that the vast majority of the index cards xeroxed do not appear to be Klan related. It was agreed that the Task Force would make this determination and not the FBI. This would help insure that there would be no allegation that the FBI "controlled" the input given the Task Force.

Attached to this memorandum are two sets of the product obtained as a result of this project. The original search slip and the resulting attachments will be maintained in the Elsur index room for future reference.

RECOMMENDATION: The DCRS provide the two copies of the survey to the Task Force.

PURPOSE: To alert the Security and Space Management Unit, which is responsible for FBI Headquarters security patrols, to the likelihood members of above task force will have to access FBI space after official working hours and thus require escort service.

DETAILS: Captioned task force, at the direction of the Attorney General, is conducting an expeditious review of FBI files in an effort to determine if FBI personnel or Civil Rights Division personnel inappropriately handled Gary Thomas Rowe, a discontinued informant reporting on Ku Klux Klan activities. The five-member task force and possibly several support people, [redacted]

[redacted] necessarily will be reviewing files in Room 8798 of FBI space, very probably in late evening hours, weekends and possibly holidays. The Building Security Patrol is being requested to escort these personnel, when they properly identify themselves, during off-duty hours to the above room and to open the door to the room, which is secured with the Division 6 key, and to escort the task force personnel when exiting the building. The telephone extension in the room utilized by the task force is [redacted]

Members of the task force identified at this time are as follows: Ralph Hornblower, III, Task Force Leader; William Malcolm Logan; John R. Fleder; Donald R. Burkhalter; and Marydale Drury.

This matter has been coordinated with Section Chief Robert L. Pence of the Printing and Space Management Section. In the event the needs of this task force impose an inordinate hardship upon the Security Patrol, [redacted]

Reference is made to the telephone call from Assistant Special Agent in Charge (ASAC) Donald Roberts, FBI, Mobile, to FBI Headquarters, 1/5/79, with respect to the task force's use of tape recorders during the interviews of FBI personnel. Reference is also made to Bureau telephone call to ASAC Roberts on the same date.

Inasmuch as the FBI has promised full cooperation with the task force, our employees, when being interviewed by the task force and a tape recorder is being utilized, should conform to the task force request; however, our employees should be reminded that they may request the interviewer to furnish a copy of the recording being made and that, since their remarks are being recorded, they should give full thought to their answers before responding and should answer directly and responsively to the questions.

v. Eaton, et al.

b6

DETAILS: Mr. J. B. Adams to Mr. Bassett memorandum, dated 11/7/78, captioned as above, set forth the preliminary negotiations and original meeting between task force personnel and FBI representatives in connection with discharging the Attorney General's mandate. During a meeting held in Director Webster's office on 11/6/78 attended by members of the task force, including Michael E. Shaheen, Jr., Counsel, Office of Professional Responsibility, Department of Justice, and Assistant Director Colwell, the FBI's cooperation was pledged by Director Webster. According to Assistant Director Colwell as discussed on 12/29/78, Director Webster's pledge of cooperation clearly carried with it a release from employment agreements on the part of present and former Bureau employees as relates to the mandate of the task force.

Assistant Director Mintz indicated that in his opinion, this would be a sufficient basis for a current or former employee to be released from his employment agreement when so specifically notified.

On 12/29/78, Mr. Ray Hornblower, III, Task Force Leader, telephonically requested of the Bureau liaison Agent the authority for task force attorneys [redacted] [redacted] currently in the FBI Birmingham Office, to interview Special Agents [redacted] Senior Resident Agent, Montgomery, Alabama, and [redacted] currently assigned to Birmingham, as to the general background of events under inquiry in Alabama during the pertinent period (1960-65), with particular emphasis on FBI jurisdiction at that time.

In addition, Mr. Hornblower furnished a list of individuals the task force intends to interview commencing January, 1979. [redacted]

With respect to the list of individuals forwarded with referenced airtel, the task force and FBI do not want any "active" investigation consisting of contacts with former neighbors, landlords, employers, associates and so forth wherein an aura will be created that possibly the individual is involved in wrongdoing. However, the task force and FBI Headquarters agree that a routine check of records of established sources, such as motor vehicles, police departments, voting, local property tax, divorce action, etc., that is, those public source records readily available for review, should be so checked by FBI personnel in order to assist the task force. In this regard, as a practical matter, Birmingham should assume an "Office of Origin" posture and set out appropriate leads to Mobile to handle statewide record checks. In addition, Birmingham should set out appropriate leads to surrounding offices in Georgia, Florida, Mississippi and Tennessee; however, any trail or path that leads to other areas of the country should be submitted to FBI Headquarters where the impact on FBI resources will be evaluated prior to requesting additional checks by distant offices.

DETAILS: Previous memoranda have set forth the background
and nature of captioned task force and the Direc-

its mandate. Since formulation mid-November, 1978, in space
contiguous to the Congressional Inquiry Unit (CIU), Document

assigned to CIU, has been assisting the task force by Xerox-
ing those documents from FBI files, both Headquarters and

[redacted] to so perform and conforms to our established
procedures of making the appropriate notation of original
material so copied. On 12/29/78, the task force indicated
and formally requested that on 1/5/79 they be allowed to
utilize [redacted] in the task of assembling and numbering
those documents gleaned from FBI files. This would entail
roughly three to four weeks of daily full-time performance.

In view of the possible impact on manpower utili-
zation and the possible appearance of an FBI employee in
assisting the task force in preparing its report, these
issues were discussed and the task force opined it did not
feel the services of [redacted] in this capacity would
hinder its mandate. Further, it was indicated it did not

Reference Bureau telephone call to Birmingham on
12/4/78 and Bureau teletype 12/8/78, no copy to Atlanta,
Mobile, San Diego or Savannah.

The Attorney General appointed captioned task force
11/2/78 to review necessary FBI files (including Cointelpro
files) considered germane to the task force inquiry, whether
located at Headquarters or in field offices. The task force
is to review the following matters:

(1) Whether personnel of the Federal Bureau of
Investigation acted improperly in dealing with
Mr. Gary Thomas Rowe, Jr., while he served as a
Bureau informant;

(2) Whether Civil Rights Division attorneys who
tried United States v. Eaton, et al., were aware
of Mr. Rowe's alleged unreliability or suspected
he was unreliable; and

(3) Whether there is any evidence to substantiate
the allegation that Mr. Rowe was responsible for
the death of Mrs. Viola Liuzzo (to the extent this
is possible without prejudicing the rights of
Mr. Rowe or the State of Alabama in view of
Rowe's recent indictment by the state).

Re: Task Force Reviewing FBI's Handling
of Gary Thomas Rowe, Jr. and Civil
Rights Division's Prosecution of
United States v. Eaton, et al.

NOTE: The above airtel is being sent in response to the task force's written request dated 12/26/78, a copy of which is attached. As is to be noticed, the original request of the task force was so broad and in some instances nonspecific so that their request to solicit the same type of search and supplemental review for all Field Offices posed an unreasonable burden on FBI resources. Accordingly, through negotiations with Mr. Ralph Hornblower, Task Force Head and Task Force Attorney Fleder, the FBI's problems were brought to their attention and they agreed to limit the request to the recipient offices or those offices in which Rowe traveled to as an FBI informant. The Klan organizations designated were agreed to in order to avoid varying interpretations on the part of the Field Offices should the expression any "Klan-type" organization be so searched. While the instant request still involves a substantial amount of FBI resources, in view of the Director's promise of full cooperation, it is felt essential to pursue the request as outlined in instant airtel.

This Xeroxing would take approximately 880 hours, with the cost of material estimated at \$3,520.00, and an estimated employees salaries at \$4,400.00. Also, per instructions, ASC [] was advised NO 173-211 had been destroyed in the normal course of business according to Manual of Administrative Operations & Procedures.

On 12/7/78 ASC [] advised the New Orleans Division should hold any action in abeyance until further instructions were received.

On approximately 12/14/78 ASC [] advised the New Orleans Division would be telephonically contacted by DON BERKHALTER, who is an attorney with captioned Task Force. ASC [] stated Mr. BERKHALTER desired to discuss the contents of the New Orleans files mentioned above to make a determination of what serials would be required by the Task Force.

On 12/21/78 Mr. BERKHALTER, supra, telephonically contacted the New Orleans Division, stating the file numbers provided in captioned matter were provided by FBIHQ as a result of a teletype from Director, FBI, to all SACs, dated 7/14/78, captioned "GARY THOMAS ROWE, JR., former klan informant, Administrative Inquiry." No Bureau file number listed. Mr. BERKHALTER stated of the names listed in this teletype, he wanted to know what names were found in New Orleans Files 100-759 and 105-687. He requested no information concerning New Orleans File 173-211, since it had been previously destroyed.

On 12/21/78 the file captioned "GARY THOMAS ROWE, JR., former klan informant, Administrative Inquiry," was reviewed, and it was determined the New Orleans indices contained the following reference for GARY THOMAS ROWE, JR.:

NO 105-687-5431, Page 3, and
NO 105-687-1127, Page 8.

Indices also indicated a reference to [] (not further identified) in NO 100-759-1A-192; -1A-193; -1A-985, -1A-1016, Page 7, and -1A-2823, Page 32.

Force and would advise New Orleans of what further action should be taken.

On 12/27/78 Mr. BERKHALTER telephonically contacted the New Orleans Division. He stated it was the determination of the Task Force that they would require copies of those serials which were indicated in the New Orleans indices as they pertained to GARY THOMAS ROWE, JR., and [REDACTED]. He stated to make copies of those specific serials only, and no copies of other documents or serials were necessary.

b6

Re Bureau airtel to Atlanta January 10, 1979.

For the information of the Bureau, Knoxville Office indices were negative concerning GARY THOMAS ROWE, Jr. as this name was apparently not indexed in the Knoxville Office until a communication from the above captioned case was directed to the Knoxville Office by teletype July 14, 1978, of the list of 17 organizations listed in referenced airtel. Knoxville has 122 volumes of files concerning certain of the Klan organizations listed which would have been accumulated from July 1, 1960, to June 30, 1965. This is only about one-fourth of the number of volumes of cases on these organizations in the Knoxville Office.

On 1/17/79, personnel of the Knoxville Office reviewed a sample volume to determine the length of time it would take to review the files on a page by page basis. It was determined that it would take a minimum of three hours to review these volumes on a page by page basis based on the representative sample. Since there are 122 volumes falling within the time span of July 1, 1960, through June 30, 1965, it would take one employee working exclusively full time for 24 work days to complete this project. The Records and Administrative Services section does not have any personnel at this time that could be diverted full time to this review and nothing else. They already have two employees working on an over time basis on a review project on a RICO case and other employees in the Communications and Correspondence section working on a special project for the Chattanooga RA. To require Agent personnel to complete this project, it could not be done on a full time basis since they would have to maintain their case load as well as working on this project and also would have to interrupt the project to respond to reactive type cases which come up.

KX 62-1210

Due to the limited number of personnel in the Knoxville Office, it does not appear that this review project can be done on an expeditious basis. The Bureau is requested to advise whether or not some of these file reviews should have priority over others or if some of them could be deleted.

TASK FORCE REVIEWING FBI'S HANDLING

UNITED STATES V. EATON, ET AL.

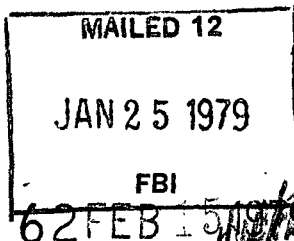

Reference is made to Knoxville's airtel 1/18/79, pointing out the impact on manpower resources of the Knoxville Office in connection with captioned Task Force request to supplement an indices search originally set forth 7/14/78. Reference is also made to Bureau telephone call to SA [redacted] Knoxville Office, 1/24/79.

The Task Force has reviewed the manpower projected by Knoxville in order to complete this file review and deems it essential to the Task Force's mission to have it completed. In accordance with the information furnished telephonically 1/24/79, your Office is authorized to utilize the services of four support persons on an average of four hours' daily overtime for approximately two weeks in order to complete the review required.

NOTE: Bureau airtel to Atlanta 1/10/79, sets out instructions at the request of the Task Force to supplement an all-offices indices search for information about former informant, Rowe. That communication was directed to those offices in which Rowe had actually acted as an informant (seven in number). Knoxville pointed out the limited personnel available to conduct what they estimated would be 24 work days full time for one employee to complete the page-by-page review required. This was coordinated with SA [redacted] Administrative Services Division, who said, "The required overtime for Knoxville to complete this search could be assimilated," and instant communication is being directed to authorize Knoxville to initiate the required review.

TASK FORCE REVIEWING FBI'S HANDLING OF
GARY THOMAS ROWE, JR., AND CIVIL RIGHTS
DIVISION'S PROSECUTION OF UNITED STATES
V. EATON, ET AL.

Reference is made to your memorandum of January 4, 1979, requesting a list of the Agents who were stationed at the Birmingham Field Office during the period 1963 through 1964. Reference is also made to your request that inspection reports for the period July 1, 1960, through June 30, 1965, for the Birmingham Office be located and copies furnished to the task force. Reference is also made to several of your oral requests concerning addresses of former and current FBI personnel.

As you have been furnished through the Birmingham Office, a listing of personnel assigned to that office was furnished by a member of the Birmingham staff who had the list of names available in her mementos; it is to be noted, however, this list was not an official record of the Birmingham Office inasmuch as such lists are not regularly maintained. In this regard, it is to be noted that former Special Agent in Charge (SAC) Everett J. Ingram died on January 8, 1973, while former Special Agent Henry Snow died in 1974.

The Birmingham Office does not maintain a copy of inspection reports in accordance with the normal destruction procedures of material of that nature. Likewise, the field office inspection reports are maintained at FBI Headquarters only for a ten-year period. Consequently, there are no inspection reports available covering the period 1960 through 1965. As has been indicated to you orally, the summary of these inspection findings are normally maintained in the personnel file of the SAC in office at the time of the inspection. Accordingly, at your request, attached are copies of the Inspectors' findings in summary form as it appears in the personnel file of the SAC. In this regard, there follows a listing of the SACs and the period for which they served in Birmingham:

Reference is made to your telephone call from Birmingham, February 6, 1979, requesting a search of Mr. Hoover's official and confidential records, together with those previously labeled as "Do Not File," which were maintained in Mr. Hoover's office. You requested that a search of these files be made for any reference to Gary Rowe and his aliases as set forth in prior communications.

For your information, the "Do Not File" material maintained in Mr. Hoover's office was assimilated into the official and confidential files kept in Mr. Hoover's office, all of which are now isolated and retained in our Special File Room. All the material of the "Do Not File" category pertains to electronic surveillances during the World War II period only and, without going into specific details, obviously could not pertain to the mandate of this task force.

EX-114 REC-110 62-118023-232
The official and confidential files of Mr. Hoover are controlled by a separate indices maintained as an adjunct to this material in the Special File Room and this indices was searched as you requested. Only references to Rowe's true full name were located; none of his aliases and symbol numbers appeared therein. The references located pertain to two memoranda from the Director, FBI, to the Attorney General dated December 29, 1965, and January 3, 1966, and the Attorney General's reply dated December 30, 1965, all of which concern [REDACTED]

PURPOSE: To advise of request of captioned task force to reproduce a radio transcript of a program broadcast 4/1/77, Columbia, South Carolina, featuring former Special Agent in Charge James L. McGovern, who appeared as President of the Society of Former Special Agents of the FBI.

DETAILS: The task force has reached the final stage of its inquiry, which consists of interviews of former FBI personnel. Prior to these interviews, task force members have been reviewing personnel files of these employees and in the file of former Special Agent in Charge James L. McGovern is an airtel from the Columbia Office dated 4/5/77 which forwarded a transcript of an interview of McGovern by Bill Benton, WSCQ FM Radio, Columbia, South Carolina, on 4/1/77. McGovern appeared as President of the Society of Former Special Agents of the FBI and made many favorable comments about the FBI when asked questions about his service, particularly in the South, and about the institution as a whole. Some of his comments went directly to the handling of Gary Rowe, who acted as an informant for the FBI during the early 1960s in the Birmingham, Alabama, area, in connection with our activities in investigating the Ku Klux Klan.

EX-113

REC-110

62-118023-246

The transcript of this program does not appear elsewhere in Bureau files. The task force believes it is essential to have a copy of it during the interview of McGovern and possibly it may be included in their final work product. Upon review, the transcript is clearly one taking the form of a radio interview program wherein the moderator and even individual callers from the public asked questions of McGovern.

AGREEMENT

The Gary Thomas Rowe Task Force of the United States Department of Justice has sought to interview former Special Agent [redacted] has raised several questions concerning future public disclosure of what he tells the Task Force in this interview. This agreement is intended to set forth all understandings between the Task Force and [redacted] concerning this matter.

b7C

The Department of Justice assures [redacted] that any information he provides the Task Force will not be attributed to him in any public disclosure. However, the Department will be free to make public any information provided by [redacted] during this interview. Any attribution of such information in a public disclosure will be to an "FBI spokesman", or words to that effect. Every effort will be made by the Department of Justice to paraphrase the testimony given by [redacted] in resulting reports so as to preclude easy identification of him as the source of that information.

The Department agrees that it will resist any efforts by any person not employed by the Department of Justice to obtain the identity of the person who has provided the information which [redacted] will give us. However, the foregoing sentence will not preclude the Department from complying with any court order or future statutory change in the United States Code, which may mandate disclosure of [redacted] identity as a source of information. Additionally, the Department of Justice shall be free in its report to identify Mr. Blake as one of the persons who spoke with the Department of Justice.

Nothing in this agreement shall preclude the Department of Justice from making public any criminal act which it believes has been committed by [redacted] including disclosure of information received from him in his interview by the Gary Thomas Rowe Task Force.

So agreed upon on this 22nd day of February 1979.

Retelcall to Birmingham, 3/5/79.

As instructed in referenced telephone call, the original main file and sub-file regarding GARY THOMAS ROWE, is being forwarded to the Bureau. It is noted that in three instances a serial is not accounted for. This is apparently the result of misserialization as the serials are not charged out and cannot be located by Birmingham.

A Xerox copy of each volume of the file is being retained by Birmingham for informational purposes.

Re:

Dear

GARY THOMAS Rowe, Jr

I received a communication telephonically from the resident agent in Lima, Ohio, directing that I cooperate with the Justice Department Task Force. Apparently, there is an ongoing investigation and the Department is interested in interviewing me. I was further advised that the Director has released me from my oath of confidentiality. I told the resident agent I would cooperate only under the following conditions:

1. That a letter, signed by the Director releasing me from my oath of confidentiality, be forwarded to my attention.
2. That the letter also contain the Bureau's desire that I cooperate in this fishing expedition. REC-139
3. That the interview not be held in [redacted] but in Washinton D.C. at government expense. 106

62-118023-253

I called [redacted] and advised him of the request from the Bureau. [redacted] indicated he was going to call you immediately and make a determination as to what steps should be taken in this cause. Thus, as you can see, I am extremely reluctant to do anything further, even though I have nothing to hide. I have given testimony before the Senate Intelligence Committee and I believe it is quite accurate and covers in detail Mr. Rowe.

Your comments are invited.

[redacted] The following is a summary of
these two actions:

[redacted] v.
CLARENCE M. KELLEY, et al.
(U.S.D.C., S.D.N.Y.)
CIVIL ACTION NO. 76-CIV-983 (CES)

The original complaint was filed on 3/2/76. The defendants were Clarence M. Kelley, Director of the FBI, Thomas J. Jenkins, Deputy Associate Director of the FBI, [redacted] Special Agent (SA), and four unknown Agents of the FBI. The complaint alleges violation of Title 42, United States Code, Section 1983 and certain Constitutional violations. The captioned civil action was filed by [redacted] a participant in the 1961 Congress of Racial Equality (CORE) "Freedom Ride." The allegations in the complaint are based on Congressional testimony given by former FBI informant Gary Thomas Rowe, Jr., that this Bureau had advance information that the CORE riders were to be beaten by alleged Ku Klux Klan members and that the FBI did nothing to protect the interest of the CORE riders and did not notify any agencies outside the FBI in any effort to protect the safety of these individuals. Assistant United States Attorney (AUSA) Peter C. Salerno, Southern District of New York, is responsible for the defense of Thomas J. Jenkins, former Deputy Associate Director and former SA [redacted]. Mr. Kelley was recently dismissed from the action. The Government has participated in discovery proceedings and a motion for summary judgment is currently pending before the Court.

CLARENCE M. KELLEY, et al.
(U.S.D.C., W.D. MICH.)
CIVIL ACTION NO. G77-6CA

b6
b7C

Captioned civil action has been filed by [REDACTED]
[REDACTED] a participant in the 1961 CORE "Freedom Ride" and
[REDACTED] who alleged that plaintiffs were beaten on
5/14/61 by white vigilantes on a bus at Anniston, Alabama.
The claim is based on the same Congressional testimony given
by former FBI informant Gary Thomas Rowe, Jr. The allegations
are similar to those in the [REDACTED] case and the defendants are
the same with the addition of former Associate Director Richard G.
Held. AUSA Robert C. Green, Western District of Michigan,
represents the Government defendants in this related case.
The facts of the captioned case show that the bus was stopped
and burned near Anniston prior to arriving at Birmingham, its
destination. Although Rowe was not present or involved in
the beating of [REDACTED] or the burning of the bus, a claim of
a "duty owed" and "knowledge" is made.

In both civil actions the Government has argued
that the statute of limitations has run with respect to the
allegations and that, in fact, the plaintiff had notice in
the 1960's of the facts. There was no duty owed to the
plaintiffs by the FBI, or its Agents, in 1961.

Memorandum from [REDACTED] to Mr. Bassett dated 1/2/79
set forth the basis for releasing current and former FBI
employees from their employment agreements in connection
with captioned matter. It was determined that Director
Webster's pledge of cooperation with the Task Force mandate
clearly carried with it such a release.

FEDERAL GOVERNMENT

TASK FORCE REVIEWING FBI'S HANDLING OF
GARY THOMAS ROWE, JR., AND CIVIL RIGHTS
DIVISION'S PROSECUTION IN THE MATTER OF
UNITED STATES V. EATON, ET AL.

On March 23, 1979, Mr. Ralph Hornblower, III, who heads the captioned task force, advised Assistant Section Chief of this Bureau, who is assisting the task force in coordinating matters within the FBI, he anticipated the task force's final report would be completed around April 11, 1979, and at that time would be provided simultaneously to the Attorney General and the Director of the FBI.

EX-125 REC-69

62-118023-256

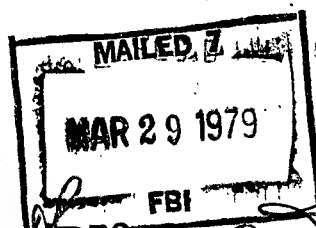

The task force has been granted broad access to FBI investigative files, both in the field and at FBI Headquarters. Prior to May, 1974, FBI internal documents were not marked for classification. While the majority of the material reviewed by the task force is criminal in character and not subject to classification, there is a possibility some of the material reviewed by the task force, which might be incorporated into its final report, is classifiable. Thus, this Bureau believes it would be in the interests of the Department and the FBI that a draft of the final report be reviewed for classification purposes prior to its submission in formal form.

22 MAR 29 1979

It is believed such a review may be accomplished expeditiously and efficiently without any question of conflict of interest. If you desire, I will arrange for an experienced classification authority to visit your office to conduct the necessary classification review. I request you or Mr. Hornblower ensure such a review is effected prior to the preparation of the final draft of the task force report.

NOTE: In his telephone discussion with [] on 3/23/79, Mr. Hornblower expressed concern that any prior review of the report of his task force could jeopardize his mandate. While he indicated he recognized some of the information which appeared in his report could be classifiable, he contended that after Director Webster received the report it could be classified, if required. We believe this is a dangerous policy in that when a final report is prepared, it would be difficult to argue classifiability and to effect classification on a post-publication basis. It is likely the final report will be subject to extensive requests for review by Congressional, Executive Branch and private sources. We believe one of our experienced classification analysts could quickly review the report without conflict of interest and preclude later problems which could result with the inclusion of classifiable information, unidentified as such, in the task force report.

The indices of the Charlotte Office were checked for the items as set forth in referenced Bureau airtel to Atlanta dated 1/10/79; and all main files and references for the period of July 1, 1960, through June 30, 1965, were reviewed page by page by Agents of the Charlotte Office.

This indices search revealed numerous references to the items numbered one through seventeen in referenced Bureau airtel to Atlanta dated 1/10/79 and involved all Headquarters City Agents as a total of 389 volumes were reviewed.

Regarding GARY THOMAS ROWE, the Charlotte Office had no main file on ROWE; and the file review revealed no pertinent references as to ROWE under his true name or known aliases.

An example of the information which was located on GARY THOMAS ROWE is that found in Charlotte file 157-247, serial 3, in the matter captioned, "United Klans of America, Inc., Knights of the Ku Klux Klan (South Carolina), Racial Matters (Klan), OO: [redacted]

TASK FORCE REVIEWING FBI'S HANDLING OF GARY THOMAS ROWE, JR.,
AND CIVIL RIGHTS DIVISION'S PROSECUTION OF UNITED STATES V.
EATON, ET AL.

Reference Bureau telephone call 4/9/79 to ASAC Joel
Carlson concerning the intent of captioned task force to
briefly interview Special Agent (SA) [REDACTED] by
telephone on 4/9 or 10/79.

Enclosed are two copies of background data and
instructions which you should ensure SA [REDACTED] understands
prior to the interview by task force member Donald R.
Burkhalter.

In connection with this interview, which is to be
conducted by telephone in view of the task force intent to
complete its report to the Attorney General during the week
of 4/9-13/79, it is to be recognized that in some instances
the task force has utilized tape recorders in connection with
interviews of current FBI personnel. SA [REDACTED] should be
advised that inasmuch as the FBI has promised full cooperation
with the task force, our employees, when being interviewed by
the task force and a tape recorder is being utilized, should
conform to the task force request; however, our employees
should be reminded that they may request the interviewer to
furnish a copy of the recording being made and that, since
their remarks are being recorded, they should give thought
to their answers before responding and should answer directly
and responsibly to the questions.

SUBJECT: TASK FORCE REVIEWING FBI'S HANDLING
OF GARY THOMAS ROWE, JR., AND CIVIL
RIGHTS DIVISION'S PROSECUTION OF
UNITED STATES V. EATON, ET AL.

[Redacted] *#12*

PURPOSE: To advise of task force request for a copy of the
FBI Agents Handbook as it existed 1/1/63, recom-
mending it be made available.

DETAILS: Captioned task force was created by the Attorney
General in November, 1978, to look into our han-
dling of former Ku Klux Klan informant Rowe and related
matters and is reaching the final stages of submitting its
report to the Attorney General sometime during the week of
4/9-13/79. Earlier the task force had portions of the Manual
of Instructions and Manual of Rules and Regulations dealing
with handling of informants reconstructed for the period
1960-65. When a request was made to reconstruct the Agents
Handbook for the same period, the impact of such a tedious
reproduction was brought to its attention and the task force
indicated it would try to do without the Agents Handbook,
with the understanding that the Handbook was a brief summary
of the information set out in more detail in the above-
mentioned manuals.

EX-105
REC-6

62-118023-262

On 4/4/79, Mr. Hornblower, task force leader, recog-
nized it was late in the task force period to make such a
request, but believed it was essential to its mandate that
the Handbook be reconstructed for the period 1960-65. By
memorandum 4/5/79, Mr. Hornblower officially delivered this
request in writing. [Redacted] of the Manuals Desk
pointed out that although a burden would be placed upon her
unit to reconstruct the Handbook, it probably could not be
done until around Friday, 4/13/79. In negotiations with
Mr. Hornblower's staff, [Redacted] and liaison contact
[Redacted] the task force redefined its request to
have the Handbook reconstructed as of 1/1/63 as early as

possible, bearing in mind its intent to terminate by 4/13/79. Mr. John Fleder conveyed this request and noted that after reading the Handbook, the possibility exists the task force may want to see certain portions or pages of the Handbook as it was changed through the period 1963-65. [] opined this was still a project for her unit to undertake; however, she recognized it was drastically cut back from the original request. In view of Judge Webster's promise of full cooperation, it is believed this request should be honored.

 PROSECUTION OF U.S. vs. EATON, ET AL

ReBHairtel, 3/12/79, and Butelcall to Birmingham,
 3/30/79.

As noted in referenced airtel, the original main
 file and subfile concerning GARY THOMAS ROWE were furnished
 to FBIHQ.

A Xerox copy of each file was maintained by Bir-
 mingham. Clerical employees who performed copy work noted
 that three serials - Serial 535 from main file and Serials
 184 and 206 from sub-file - were not in file and not
 accounted for.

Serial 534 is an airtel dated 12/10/68 and serial
 536 is a memorandum (FD-306) bearing the date of 12/30/68.
 Therefore, Serial 535, had it been in file, would be dated
 sometime in December, 1968, well after the date that ROWE
 had testified and had been exposed as an FBI informant.

Serial 183 in the sub-file is a memorandum (FD-306)
 dated 7/22/63 and Serial 185 is a memorandum (FD-306) dated
 8/22/63. Serial 205 is a memorandum dated 10/25/63 and
 Serial 207 is a memorandum dated 10/29/63.

Birmingham cannot locate or account for these serials at this time. It is surmised that the files were misserialized through clerical error at the time although such **cannot** be stated with any degree of certainty. Normal procedure calls for the placement of a chargeout slip if a serial is transferred permanently to another file. There are no chargeout slips indicating the whereabouts of the missing serials and Birmingham can only speculate that the file was misserialized as it was being compiled in the routine course of investigation.

In order to complete our report on the FBI's relationship with Gary Thomas Rowe, we very much need a copy of the FBI Agent's Manual that was in effect between 1960 and 1965. To expedite this request and to limit what you describe as an unduly burdensome task, we would be agreeable to exempt from this request anything which does not relate to an agent's investigatory duties and responsibilities. For example, we are not interested in personnel and overtime rules or dress codes.

For the information of the Baltimore Office,
enclosed are two copies of a self-explanatory informal memo-
randum concerning captioned task force. In addition to the
enclosed data, it is the intention of the task force to make
its report to the Attorney General during the week of

In view of the limited time left and urgent request
made by the task force to interview former SA [REDACTED]
a direct telephone call was made to [REDACTED] current
office, namely, [REDACTED] where it was determined [REDACTED] was on
vacation. [REDACTED] was telephoned directly at his home
[REDACTED] by Assistant Section Chief [REDACTED]
who is handling liaison duties within the FBI for captioned
task force. The substance of the enclosed data was explained
to [REDACTED] who was preparing to leave at that moment on
his vacation trip. [REDACTED] said he wished to be coopera-
tive and was willing to be interviewed; however, he did not
wish to talk to the task force by telephone in view of the
sensitive nature of the matters involved. [REDACTED] indi-
cated he would be available at his office from 4/23/79 on,
should the task force desire to interview him in person.

This communication is being directed to the
Baltimore Office for both its information and should it be
required of the Baltimore Office to make the appropriate
arrangements for the task force to interview [REDACTED] in

NOTE: In his telephone discussion with [] on 3/23/79, Mr. Hornblower expressed concern that any prior review of the report of his task force could jeopardize his mandate. While he indicated he recognized some of the information which appeared in his report could be classifiable, he contended that after Director Webster received the report it could be classified, if required. We believe this is a dangerous policy in that when a final report is prepared, it would be difficult to argue classifiability and to effect classification on a post-publication basis. It is likely the final report will be subject to extensive requests for review by Congressional, Executive Branch and private sources. We believe one of our experienced classification analysts could quickly review the report without conflict of interest and preclude later problems which could result with the inclusion of classifiable information, unidentified as such, in the task force report.

TASK FORCE REVIEWING FBI'S HANDLING OF
GARY THOMAS ROWE, JR., AND CIVIL RIGHTS
DIVISION'S PROSECUTION IN THE MATTER OF
UNITED STATES V. EATON, ET AL.

On March 23, 1979, Mr. Ralph Hornblower, III, who heads the captioned task force, advised Assistant Section Chief [redacted] of this Bureau, who is assisting the task force in coordinating matters within the FBI, he anticipated the task force's final report would be completed around April 11, 1979, and at that time would be provided simultaneously to the Attorney General and the Director of the FBI.

The task force has been granted broad access to FBI investigative files, both in the field and at FBI Headquarters. Prior to May, 1974, FBI internal documents were not marked for classification. While the majority of the material reviewed by the task force is criminal in character and not subject to classification, there is a possibility some of the material reviewed by the task force, which might be incorporated into its final report, is classifiable. Thus, this Bureau believes it would be in the interests of the Department and the FBI that a draft of the final report be reviewed for classification purposes prior to its submission in formal form.

It is believed such a review may be accomplished expeditiously and efficiently without any question of conflict of interest. If you desire, I will arrange for an experienced classification authority to visit your office to conduct the necessary classification review. I request you or Mr. Hornblower ensure such a review is effected prior to the preparation of the final draft of the task force report.

CLASSIFICATION REVIEW OF
DOJ-OPR INQUIRY OF ROWE

GARY Thomas Rowe

This is to confirm the telephone call made to Mr. John Fleder of the task force by Assistant Section Chief [REDACTED] Document Classification and Review Section, on May 11, 1979, concerning the arrangements previously agreed to in connection with an FBI classification review of the task force report. This agreement called for Mr. Michael Shaheen, Office of Professional Responsibility, Department of Justice, to notify Associate Director James B. Adams at such time as the report of the task force was prepared but before it was to be submitted to the Attorney General and Director Webster for review. Mr. Adams would then arrange for a knowledgeable FBI classification authority to review the report wheresoever designated by the task force, with the instructions the FBI person was not to discuss any of the findings in this summary with anyone else in the FBI until such time as the report was actually received for comment.

It was also understood that after the report was submitted for review by the Attorney General and Director Webster, the FBI would be given an opportunity to review the report for accuracy and any other observations the FBI may care to offer in order that the report be as accurate as possible prior to its final approval.

In view of Associate Director Adams' retirement effective close of business May 11, 1979, it was requested that Mr. Shaheen notify Assistant to the Director-Deputy Associate Director John J. McDermott in lieu of Mr. Adams. Mr. Fleder advised he would so notify Mr. Shaheen.

NOTE Previous memoranda in this matter recognized the sensitive balance between an FBI review for classification purposes of the material to which the task force had been exposed. It was recognized that although it was a criminal matter and not classifiable, the potential existed ~~that~~ some data, such as that furnished by foreign intelligence sources, may be inadvertently divulged unless reviewed by a knowledgeable FBI authority. Previously, Mr. Shaheen had indicated satisfactory arrangements were made between Mr. Adams and Shaheen in order to effectuate such a review. Mr. Adams amplified these instructions by a memorandum dated 4/12/79 to [] (a copy of which is attached).

In order to avoid the possibility the Department may inadvertently release the report prior to classification review, instant communication is being sent to have a proper record thereof.

Mr. Fleder indicated it still may be a week or two prior to the time the report is in the form in which it will be deemed sufficiently complete to have the classification review made.

PURPOSE: To advise of receipt of unsigned report prepared by
captioned task force for review for classification
and substantive comments of the FBI to be completed by 7/25/79.

DETAILS: Captioned task force was appointed in November,
1978, to look into certain matters concerning the
FBI's handling of former Ku Klux Klan informant, particularly
as it related to the prosecution of the murderers of Viola
Liuzzo. The task force has had access to both FBI Headquar-
ters and field investigative files, has interviewed current
and former FBI personnel and other pertinent individuals,
together with conducting additional investigation to resolve
its mandate. Judge Webster promised full FBI cooperation.

At approximately 10 a.m., 7/11/79, Mr. Michael E. Shaheen, Jr., Counsel, Office of Professional Responsibility (OPR), Department of Justice, appeared in the office of Assistant to the Director-Deputy Associate Director John J. McDermott with Mr. Richard Rogers, also of OPR, and task force attorney John Fleder. Assistant Section Chief [redacted] Records Management Division, and SA [redacted] Legal Counsel Division, were also present. Mr. Shaheen complimented the FBI on its full cooperation in this matter, and delivered five copies of a report of the task force which was unsigned and which was to be reviewed by the FBI for classification and FBI observations which should be furnished in writing to Mr. Shaheen no later than close of business Wednesday, 7/25/79.

A brief discussion ensued concerning the necessity of protecting informants, sources, and techniques, and whether any resultant release of the materials contained therein could be protected by executive privilege rule. Mr. Shaheen indicated that the report was for the Attorney General and [redacted]

Memorandum [] to []
Re: Task Force Reviewing FBI's Handling of
Gary Thomas Rowe, Jr., and Civil Rights
Division's Prosecution of United States
v. Eaton, et al.

Director Webster and a public version will be furnished after approved by the Attorney General. The public version will probably be the very report that will be furnished to the Senate Judiciary Committee which prompted the task force mandate. Mr. Shaheen and Mr. Fleder indicated the contents of this report would have a direct impact upon the [] suit against the FBI concerning allegations Rowe murdered Mrs. Liuzzo.

The task force used pseudonyms for certain informants and, at the request of FBI representatives, agreed to furnish separately a list of the true identities of the pseudonyms for easier FBI review. (Such a list was furnished SA [] during the afternoon of 7/11/79.) Further, copy number 5 as designated by liaison coordinator [] was furnished Supervisor [] Criminal Investigative Division, for review. Copies 2 and 3 are being reviewed by classification experts, while copy number 4 was delivered to SA [] for Legal Counsel Division review. Copy number 1 is being retained by SA [] for coordinating purposes. It is anticipated copies 2 and 3 will be available as of 7/16/79 for [] and Mr. Nugent to utilize in their reviews. The task force requested no additional copies of the report be made without its permission.

RECOMMENDATION: That the interested divisions and personnel named review the report as requested by the task force for both classification and matters of substance, furnishing proposed written comments to SA [] no later than close of business 7/24/79.

PURPOSE: To set forth results of review of unsigned Task Force report prepared in captioned matter recommending the attached communication be sent to the Justice Department, Office of Professional Responsibility (OPR), as FBI response to same.

SYNOPSIS: Task Force appointed by Attorney General, November, 1978, regarding handling of Ku Klux Klan informant, Gary Thomas Rowe, Jr., and prosecution of murder of civil rights worker, Viola Liuzzo. Unsigned report presented FBI 7/11/79 for review and comments in writing by 7/25/79. Overall finding logical and objective; however, several conflicting statements made based on material set out elsewhere in report. Liuzzo suit will be directly impacted. Some material supports both sides with Liuzzo killing shown as being unplanned. Impression created FBI did not properly supervise Rowe. Department intends to release public version of report after current report approved by Attorney General. FBI Legal Counsel Division (LCD) has reservations that Department will successfully protect identities of Agents and informants from civil discovery based upon public version of report.

RECOMMENDATION: That the attached communication setting forth the FBI's observations and suggested corrections be forwarded to OPR.

Re: Task Force Reviewing FBI's Handling
of Gary Thomas Rowe, Jr., and Civil

United States v. Eaton, et al.

b6

DETAILS: Captioned Task Force was appointed by the Attorney General in November, 1978, to look into certain matters concerning the FBI's handling of former Ku Klux Klan informant, Rowe, particularly as it related to the prosecution of the murder of Viola Liuzzo, a civil rights worker, slain in Alabama in 1965. The Task Force has reviewed pertinent FBI Headquarters (HQ) and field office files, Department records, local records, and has conducted interviews of former and current FBI personnel, Department of Justice Attorneys, local persons, and even some of the informants and Klan members involved. Five copies of an unsigned report were delivered to the FBI on 7/11/79 for FBI's review as to classification and accuracy with our proposed comments to be furnished the OPR by close of business 7/25/79. The interested FBIHQ Divisions and personnel have reviewed the report.

The report on Page 269 sets forth a "conclusion" saying in effect no comment is made regarding Rowe's participation in the death of Liuzzo due to the pending trial in Alabama, and that no conclusions or recommendations are being made regarding the handling of informants as 14 years have passed and the FBI now has guidelines. The matter was considered "sui generis" (one of a kind). This would appear to be a logical and objective conclusion.

However, the report itself contains several statements in a "Summary of Findings" section and elsewhere throughout the report, which statements are in conflict with other material contained in the report. While these conflicts could be considered minor or "moot" in view of the conclusion above, it is felt the FBI should bring these to the attention of OPR inasmuch as a public version of the findings will most likely be drawn from this "working" report. The same theory applies to several instances wherein the wording used in the report could be adjudged as more severe than the circumstances or facts warranted.

Finally, while the report contains no classified material,

Observations

In view of the murder trial of Rowe in Alabama and the suits filed against the Bureau, particularly the ACLU suit on behalf of [redacted] [redacted] the report will have a direct impact on these matters. Some of the statements and facts developed could support both sides. Of probable benefit to the Government is that Rowe's participation in Liuzzo's death was not a planned conspiracy, but rather a fast-breaking, volatile situation and doubt still exists as to Rowe's true involvement. This is based upon the Task Force's finding of a lack of credibility on the part of the two Klan members previously convicted in connection with Liuzzo's murder. However, due to the tenor of much of the report, the Task Force creates an impression Rowe was not properly supervised by the FBI.

As a result, any public version should not identify the Agents or informants and the Department Attorneys handling the three civil suits related to this matter should be made aware of the Task Force's findings, particularly as to the finalized report. [redacted]
